Saturday 17th April¹	From 9:00 to 19:00	Journey to El Jadida - prices here after 1 Visit of the old town <i>The influence of European and Moroccan cultures is reflected in its architecture, technology and town planning. Among the most remarkable monuments from the Portuguese era, there is the Portuguese water tank and the Church of the Assumption built in the 16th century. The Portuguese town only consisted of the Kasbah. It was built by the Portuguese between 1510 and 1520. It took the form of a square fortified castle, with four towers and armed with old cannons.</i> 2 Lunch at Pullman Mazagan Royal Golf <i>The golf course threads its way through a eucalyptus, acacia and araucaria forest and runs alongside the Atlantic Ocean. Wide and narrow fairways, a 18-hole course, a driving range, and a 1500-meter green add to the varied equipment of that beautiful golf course in a typically Moroccan atmosphere.</i> 3.
